

CEU Units Offered in Tuesday Afternoon Workshops

Here is your opportunity to earn CEU Units

If you have a pesticide applicators license you know that you have to seek opportunities to earn continuing education units to maintain your license.

As is usually the case, you have to make an effort to find dates where CEU courses are being offered and block in time on your busy schedule to participate in the training sessions.

The workshop sessions being offered at this meeting provide a double bonus. You will learn about key issues affecting agriculture while at the same time receiving the benefit of the workshop having approved CEU accreditation.

One Clock Hour Accreditation for Each Workshop

Here is the schedule:

1:30-2:30 p.m.

- National Pollutant Discharge Elimination System (NPDES) Permits for Pesticide Applications— Charles Maguire, TCEQ (1 CEU Laws/Regs)
- Feral Hog Control—Dr. Billy Higginbotham, TX AgriLife Research & Extension Service (1 CEU IPM)

2:45-3:45 p.m.

- Fracking and Water Concerns— Richard Eyster, TX Dept. of Agric. & James Aldredge, TCEQ (1 CEU Laws/Regs)
- Fire Ant/Raspberry Ant Control— Molly Keck, TX AgriLife Extension (1 CEU IPM)
