

OFFICIAL MINUTES
STATE SOIL AND WATER CONSERVATION BOARD
November 18, 1975

The State Soil and Water Conservation Board met at 3:00 p.m. on November 18, 1975 in Room 201, State Capitol, Austin, Texas.

Board members present were: Henry Turney, Chairman; Joe Antilley; Frank Gray; and E. W. Wehman.

Others present were: Harvey Davis, Executive Director; Sonny Kretzschmar, Engineer and Clyde Gottschalk, Information Specialist of the State Board staff and Dee Brune, President of the Association of Texas Soil and Water Conservation Districts.

On motion of Joe Antilley, seconded by Frank Gray, the Board approved the appointment of Johnny Jamison as District Director in the Central Colorado Soil and Water Conservation District.

Each Board member was given copies of a model Memorandum of Understanding between ASCS County Committees and Soil and Water Conservation Districts and the Corps of Engineers and Soil and Water Conservation Districts. These memorandums had been prepared by the National Association of Conservation Districts, the State Soil Conservation Administrative Officers Association, and the representatives of the federal agencies involved. Harvey Davis advised the Board that in keeping with its policy the Board needed to review these documents and advise the Districts on its position thereon. The Board authorized Chairman Henry Turney and Harvey Davis to examine the documents and establish the Board position and advise the districts accordingly.

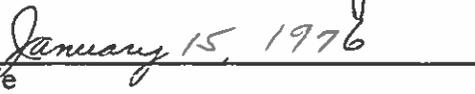

The group then met with Governor Dolph Briscoe and representatives of his staff relative to guidelines being developed by the Environmental

Protection Agency under Section 208, Public Law 92-500, that in effect will be land use regulations on agricultural land. Governor Briscoe directed his staff to make a complete analysis at all levels of planning relative to the State Board's concern and advised the Board that he would be happy to meet with the Board as soon as his analysis is complete.

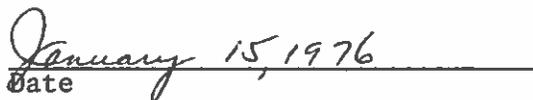

The meeting adjourned at 5:30 p.m.

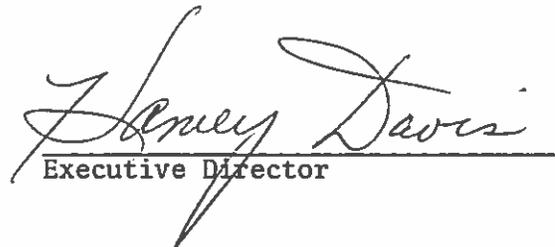

Chairman

Secretary
