

# TEXAS Watershed Steward

The Texas Watershed Steward program is a free, one-day educational workshop designed to help watershed residents improve and protect their water resources by getting involved in local watershed protection and management activities.

**March 29, 2011: 8:00am-4pm**

Carter Creek WWTP Meeting Room  
North Forest Parkway  
College Station, TX 77845

The workshop will provide an overview of water quality and watershed management in Texas. It will primarily focus on water quality issues in the Carters and Burton Creek Watershed as well as efforts by the Texas Water Resources Institute,

Texas Commission on Environmental Quality and area residents to help improve water resources and the health of the surrounding watershed. For project information visit: <http://cartersandburton.tamu.edu/>
