

TEXAS Watershed Steward

The Texas Watershed Steward program is a free, one-day educational workshop designed to help watershed residents improve and protect their water resources by getting involved in local watershed protection and management activities.

October 11, 2013:
8:00 am - 4:00 pm

LCRA Redbud Center
3601 Lake Austin Blvd.
Austin, TX 78703

The workshop will provide an overview of water quality and watershed management in Texas. It will primarily focus on water quality issues in the Colorado River watershed in Austin as well as efforts by the Lower Colorado River Authority, Texas Commission on Environmental Quality, Texas State Soil and Water Conservation Board, and area residents to help improve water resources and the health of the surrounding watersheds. For information visit:
