

TEXAS Watershed Steward

The Texas Watershed Steward program is a free, one-day educational workshop designed to help watershed residents improve and protect their water resources by getting involved in local watershed protection and management activities.

**October 23, 2012:
8:00 am - 4:00 pm**

City of San Marcos Recreation Center
170 Charles Austin Drive
San Marcos, TX 78666

The workshop will provide an overview of water quality and watershed management in Texas. It will primarily focus on water quality issues in the San Marcos River watershed as well as efforts by the Meadows Center for Water and the Environment, Guadalupe-Blanco River Authority, Texas State Soil and Water Conservation Board, and area residents to help improve water resources and the health of the surrounding watersheds.
