

Texas State Soil and Water Conservation Board
Historically Underutilized Business Program

Our Mission...

To encourage and effectively promote the utilization of Historically Underutilized Business (HUB's) by our agency, and to report this to the Texas Procurement and Support Services Division of the Texas Comptroller of Public Accounts.

Our HUB Strategy...

The Texas State Soil and Water Conservation Board will encourage the use of HUB's for an and all purchasing needs of our agency. We will also encourage the use of HUB's for any and all purchasing needs of our agency. We will also encourage any and all contractors to solicit historically underutilized businesses to participate as partners and subcontractors.

The Mentor/Protégé Program...

The Mentor/Protégé Program is designed to foster long-term relationships between prime contractors and Historically Underutilized Businesses (HUB's). These relationships should culminate in an increase in the ability of HUB's to contract with the State of Texas of to receive subcontracts under a state contract. Participation in the program is voluntary for both Mentors and Protégé.

For questions about our program, please contact our HUB Coordinator at 254/773-2250, extension # 221.
