

Water Well Owners Educational Event

Thursday, October 18, 2018
1 — 5 p.m.

Bee County Expo Center
214 S. F.M. 351
Beeville, TX

TEXAS WELL OWNER NETWORK PROGRAM

The Texas Well Owner Network (TWON) program is a free, educational training for Texas residents who depend on household wells for their water needs. TWON is for private well owners who want to become familiar with groundwater resources, septic system maintenance, well maintenance, water quality and water treatment. Private well owners are independently responsible for monitoring the quality of their wells. Essentially, they are the operators of their own water system and are responsible for ensuring that their water is safe.

BRING YOUR WELL WATER SAMPLES!

Well owners may bring water samples to the training to be screened for nitrate-nitrogen, total dissolved solids (TDS), arsenic, and *E. coli* bacteria for \$10. Pick up approved sample containers with instructions at the [Bee County Texas A&M AgriLife Extension](#) office.

Bring your samples and \$10 to the training on October 18.

Pre-register for the workshop at

<http://twon.tamu.edu/training/> or call **979-845-1461**
