

# Water Well Owners Educational Event

Monday, February 4, 2019  
1 — 5 p.m.

Myers Park & Event Center  
7117 Co Rd 166  
McKinney, TX

## TEXAS WELL OWNER NETWORK PROGRAM

The Texas Well Owner Network (TWON) program is a free, educational training for Texas residents who depend on household wells for their water needs. TWON is for private well owners who want to become familiar with groundwater resources, septic system maintenance, well maintenance, water quality and water treatment. Private well owners are independently responsible for monitoring the quality of their wells. Essentially, they are the operators of their own water system and are responsible for ensuring that their water is safe.

## BRING YOUR WELL WATER SAMPLES!

Well owners may bring water samples to the training to be screened for nitrate-nitrogen, total dissolved solids (TDS), arsenic and *E. coli* bacteria for \$10. Pick up approved sample containers with instructions at the Collin, Grayson, Fannin, or Hunt County Texas A&M AgriLife Extension offices.

Bring your samples and \$10 to the training on February 4.

Pre-register for the workshop at

<http://twon.tamu.edu/training/> or call **979-845-1461**

Funding for the Texas Well Owner Network is through a Clean Water Act nonpoint source grant provided by the Texas State Soil and Water Conservation Board and the U.S. Environmental Protection Agency.
