

Water Well Owners Educational Event

TEXAS WELL OWNER NETWORK

RESOURCES HELP LANDOWNERS PROTECT GROUNDWATER

Tuesday September 25, 2018
8 a.m. — 12 p.m.
Lunch Provided after program

Panola County Expo Center
2 Ballpark Rd.
Carthage, TX

TEXAS WELL OWNER NETWORK PROGRAM

The Texas Well Owner Network (TWON) program is a free, educational training for Texas residents who depend on household wells for their water needs. TWON is for private well owners who want to become familiar with groundwater resources, septic system maintenance, well maintenance, water quality and water treatment. Private well owners are independently responsible for monitoring the quality of their wells. Essentially, they are the operators of their own water system and are responsible for ensuring that their water is safe.

BRING YOUR WELL WATER SAMPLES!

Well owners may bring water samples to the training to be screened for nitrate-nitrogen, total dissolved solids (TDS), arsenic, and *E. coli* bacteria for \$10. Pick up approved sample containers with instructions at the [Panola County Texas A&M AgriLife Extension office](#), [Panola Soil & Water Conservation District office](#), or [Panola County Groundwater Conservation District office](#).

Pre-register for the workshop at

<http://twon.tamu.edu/training/> or call **979-845-1461**
