

Water Well Owners Educational Event

TEXAS WELL OWNER NETWORK

RESOURCES HELP LANDOWNERS PROTECT GROUNDWATER

Tuesday, February 5, 2019
9 a.m. — 1 p.m.

Southlake Police & Fire
Headquarters
600 State St.
Southlake, TX

TEXAS WELL OWNER NETWORK PROGRAM

The Texas Well Owner Network (TWON) program is a free, educational training for Texas residents who depend on household wells for their water needs. TWON is for private well owners who want to become familiar with groundwater resources, septic system maintenance, well maintenance, water quality and water treatment. Private well owners are independently responsible for monitoring the quality of their wells. Essentially, they are the operators of their own water system and are responsible for ensuring that their water is safe.

BRING YOUR WELL WATER SAMPLES!

Well owners may bring water samples to the training to be screened for nitrate-nitrogen, total dissolved solids (TDS), arsenic and *E. coli* bacteria for \$10. Pick up approved sample containers with instructions at the Tarrant and Dallas County Texas A&M AgriLife Extension offices.

Bring your samples and \$10 to the training on February 4.

Pre-register for the workshop at

<http://twon.tamu.edu/training/> or call **979-845-1461**

Funding for the Texas Well Owner Network is through a Clean Water Act nonpoint source grant provided by the Texas State Soil and Water Conservation Board and the U.S. Environmental Protection Agency.
