

## Contact Information Form

(This form must be completed prior to conducting a Basic RUAA Survey and/or Comprehensive RUAA.)

*The TCEQ Water Quality Standards Group will not consider or review a RUAA unless the appropriate entities listed below have been notified prior to the beginning of a RUAA. A RUAA should not be conducted until you have received a Notice to Proceed from the TCEQ Water Quality Standards Group.*

River or stream name: Mid Pecan Bayou (Segment 1431)

### Required Local Contacts:

*Ask the contacts if a recreational use-attainability analysis is appropriate for the river or stream and check Yes or No below. Document the name of the person contacted and the date they were notified about the proposed RUAA project.*

Clean Rivers Program Partner -  
(River Authority and other local partners)

☒ Yes ☐ No Date Notified: 11/04/2010  
Name: David Cowan, Lower Colorado River Authority

Texas Parks and Wildlife Department region staff

☐ Yes ☒ No Date Notified:  
Name: Jennifer Bronson

TCEQ region staff

☒ Yes ☐ No Date Notified: 3/03/2011  
Name: Dan Warren

Texas State Soil and Water Conservation Board  
Statewide Resource Management Group  
srm-team@tsswcb.state.tx.us

☒ Yes ☐ No Date Notified: 8/1/2010  
Name: Aaron Wendt (Funding Entity)

### Suggested Additional Local Contacts:

*If contacted, ask the contacts if a recreational use-attainability analysis is appropriate for the river or stream and check Yes or No below. If contacted, include information regarding notification date and person contacted on a separate page and attach it to this form.*

### Draft Definitions (2010 TSWQS Revision)

- Primary contact recreation: Water recreation activities, such as wading by children, swimming, water skiing, diving, tubing, surfing, and whitewater kayaking, canoeing, and rafting, involving a significant risk of ingestion of water.
- Secondary contact recreation 1: Water recreation activities, such as fishing, commercial and recreational boating, and limited body contact incidental to shoreline activity, not involving a significant risk of water ingestion and that commonly occur.
- Secondary contact recreation 2: Water recreation activities, such as fishing, commercial and recreational boating, and limited body contact incidental to shoreline activity, not involving a significant risk of water ingestion but that occur less frequently than for secondary contact recreation 1 due to (1) physical characteristics of the waterbody and/or (2) limited public access.
- Noncontact recreation: Activities, such as ship and barge traffic, birding, and using hike and bike trails near a waterbody, not involving a significant risk of water ingestion, and where primary and secondary contact recreation should not occur because of unsafe conditions.

### Information from Local Contacts:

1. If any entity answered no, please list the reason(s) why:

---

---

---

2. Did the local entities confirm that primary contact recreation activities frequently occur? ☐ Yes ☒ No  
Please describe how often the activities occur? ☒ Unknown ☐ Never ☐ Daily ☐ Monthly ☐ Yearly  
If no, explain: TPWD Game Warden and City of Brownwood Public Works Director stated in their interviews that they have seen or heard of people who swim in the creek after and during high flow events.

3. Did the local entities confirm that secondary contact recreation 1 activities frequently occur? ☐ Yes ☒ No  
Please describe how often the activities occur? ☒ Unknown ☐ Never ☐ Daily ☐ Monthly ☐ Yearly  
If no, explain: TPWD Game Warden and City of Brownwood Public Works Director stated in their interviews that they have seen or heard of people who canoe in the creek after and during high flow events.

4. Did the local entities confirm that secondary contact recreation 2 activities frequently occur? ☐ Yes ☒ No  
Please describe how often the activities occur? ☒ Unknown ☐ Never ☐ Daily ☐ Monthly ☐ Yearly  
If no, explain: TPWD Game Warden and City of Brownwood Public Works Director stated in their interviews that they have seen or heard of people who canoe in the creek after and during high flow events.

5. Did the local entities confirm that noncontact recreation activities frequently occur? ☐ Yes ☒ No  
Please describe how often the activities occur? ☒ Unknown ☐ Never ☐ Daily ☐ Monthly ☐ Yearly  
If no, explain: No one was aware of any form of noncontact recreation occurring in the bayou.

6. Do the local entities know if this waterbody provides substantial flow to a waterbody with primary contact recreation activities (e.g., swimming in a state/local park) or a bathing beach that is located immediately downstream? ☐ Yes ☒ No ☐ Unknown

If yes, have the local entities provide the name of the waterbody and a description of the location of the primary contact recreation uses or bathing beach.

### Notify TCEQ Water Quality Standards Group (required):

*Send an e-mail notification to the TCEQ Water Quality Standards Group at [standards@tceq.state.tx.us](mailto:standards@tceq.state.tx.us).*
