TSSWCB Smartphone Life Cycle Policy

Smartphone Life cycles   In the absence of life cycle guidelines currently available from the Texas Department of Information Resources, the TSSWCB will pursue an equipment life cycle necessary to maintain the most efficient and cost-effective operations with its network infrastructure.

This may involve rapid turnover of smartphones, if necessary to maintain compatibility with agency groupware, email or other systems.

More Information   For further information regarding agency IT policies and services, refer to the TSSWCB IT Policies Web page at https://www.tsswcb.texas.gov/intranet/policies/it, or contact the TSSWCB Help Desk at support@tsswcb.texas.gov.
